Nissan. Innovation that excites.

NISSAN QUEST

Shouldn’t you drive something you love? Absolutely. And that’s what inspires our innovation. We look at every part of your drive and ask how can we make this better, smarter and more fun. So when you get in your new Quest, you’ll feel how exciting the answers can be:

A revolution in seating. Quest’s 2nd-row seats fold flat – no removal required. And the 3rd row folds forward, for a permanent cargo well behind the 3rd row – no other minivan does that.

Blind Spot Warning System. An extra pair of eyes never hurts. Quest’s available system warns you when another vehicle’s in the blind spot area on either side.

Easy-Fill Tire Alert. No guesswork involved. Just fill the tire with air until a friendly beep of the horn signals you’ve reached the correct pressure.

One-touch power sliding doors. Hands full? Quest’s available one-touch power sliding doors open easily with the touch of a finger.

Looking for more? Visit Quest on Facebook® or Twitter® to see what owners have to say.

Live in the moment.

THE FEELING OF INNOVATION.

Today will be different. You’ve got Quest® on your side. When life comes calling, rely on the modern 7-seater with style. Daily routine or family road-trip, celebrate it all — with accommodations that are nothing but first-class. Say yes to a roof made of sky, sliding doors that open with one touch, and seats so incredibly easy to configure, you’ll look for excuses to pack up and go. Nissan. Innovation that excites.™

Nissan Quest LE shown in Platinum Graphite with Dual Opening Glass Moonroof Package.
WHAT IF YOU COULD DOUBLE-CHECK YOUR DOUBLE-CHECK?

You always check your outside mirrors to change lanes. What if your vehicle kept an eye on things as well? Quest’s available Blind Spot Warning System will do just that. When it detects a vehicle in the blind spot area, an indicator lights up on your mirror. If you put on your turn signal, the indicator flashes and you’ll hear a warning chime. It’s nice to have a little extra peace of mind.

*The Blind Spot Warning System is not a substitute for proper lane change procedures. This system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. Bose® is a registered trademark of The Bose Corporation.*
INNOVATION THAT’S ON YOUR SIDE.

What’s it like to have a Quest in your life? Not just a minivan, but possibly the most helpful member of your family. Imagine pumping air in your tires and knowing when they’re full. Or looking up to see not one, but two available dual-opening moonroofs. Freezing outside? Available Quick Comfort heated front seats warm you up fast. Long to-do list? Quest makes you a hero. Whether seating seven or filling with gardening supplies, you’ve never flipped and folded seats so easily. With a unique third row that folds forward instead of stowing in the rear, you can load up on spring blooms without stopping to drop off the groceries. No matter what’s on the agenda, it’s your life Quest has in mind.
In Quest, not only does the second row fold flat, forward, and out of the way, so does the third. So unlike other minivans, instead of stowing seats, the cargo well behind the third row is a permanent place to put whatever you like, eliminating the need to ever empty it out.

Permanent rear storage well. The cargo space behind the rear seats is always open for business, thanks to third-row seats that fold forward.

A second row you never have to remove. The second row folds flat, which means no more wrestling with seats.

Easy up, easy down. Pull the release and the third-row seats fold right down. An available power-up feature brings them back into place at the push of a button.

Easy entry. Move the second row out of the way, for third-row passengers to hop in or out.

Where to put the long legs? Anywhere. With Quest’s sliding second row, you can create more leg room where you need it, in the second or third row.

Any way you look at it, Quest flips and folds like no other minivan.

Quick Comfort heated front seats. Get from cold to cozy quicker. These available front-seat heaters warm you up super-fast.

Comfort seating design. Shaped and padded especially for improved posture support and comfort. Designed with your next road trip in mind.

Second- and third-row seats down. Just the pair of you off to the flea market. What will you bring home? With up to 3392 litres (119.8 cu. ft.) to fill, there’s no telling. And you won’t even have to remove the second row.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. *3392 litres (119.8 cu. ft.) on S, SV and SL models without Bose® audio system. 3259 litres (115.1 cu. ft.) on SL and LE models with Bose® audio system. **3259 litres (115.1 cu. ft.) on S, SV and SL models without Bose® audio system. 1991 litres (70.3 cu. ft.) on SL and LE models with Bose® audio system.

3392 litres
(119.8 cu. ft.)

60/40 seats and permanent rear storage well. The rear cargo area has two separate lids allowing you to keep a flat cargo floor on one side, and leave the other lid open to carry taller things.

Nissan Quest LE shown in Beige Leather. U.S. instrumentation shown.
Nissan Intelligent Key® and Push Button Ignition. A system so smart, you can unlock the doors, open the available power rear liftgate and start the engine, all without taking the key out of your pocket or purse.

Power rear liftgate
This available feature is the next best thing to your own doorman. Just push a button on your keyless remote, the liftgate or on the dash.

One-touch power sliding doors
Hands full? No problem. Quest’s available one-touch power sliding doors open easily.

Conversation mirror
Don’t miss a thing. With this available feature, see who’s behaving, or not, in the rows behind.

Power second-row windows
Open up to let fresh air in, or to just wave goodbye.

Low step-in height
It’s easy for anyone to get in a Quest.

LIFE MADE EASIER.
From a convenient way to get everyone inside to a better way to wave goodbye, you’ll see innovative design at work for you – everywhere you look.

Cup holders for the rear and a place to stash small items. Or remove this handy console to create some walk-around space.
Vehicle dynamic control (VDC)/Traction control system (TCS) to help maintain traction. Stay on course with VDC that senses understeer or oversteer and our comprehensive approach to safety.

六 standard airbags. The Nissan Advanced Airbag System incorporates seat belt sensors and an occupant-classification sensor to inflate the dual-stage supplemental front airbags according to crash severity and seat belt usage. Quest also has side-impact supplemental airbags built into each front seat so they move with you as you adjust your seat. And two roof-mounted curtain side-impact supplemental airbags help provide head protection for all rows of seat occupants.

Front-seat Active Head Restraints. These help reduce the chance of whiplash injuries to you and your front passenger by moving up and forward during certain rear-end collisions.

Vehicle Dynamic Control (VDC)/Traction Control System (TCS). Stay on course with VDC that senses understeer or oversteer and our comprehensive approach to safety.

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at nissan.ca/SnugKids.

LATCH. The Quest LATCH System (Lower Anchors and Tethers for Children) lets you easily secure LATCH-compatible child restraints in specific second- or third-row seats without using a seat belt or a locking clip.

COMMITMENT

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Finance Options

Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, financing a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty

Every 2013 Nissan is covered by a 3 year/60,000 km Comprehensive New Vehicle Warranty, a 5 year/100,000 km Powertrain Warranty, an 8 year/150,000 km Emission Control Warranty on selected components, and a 8 year/130,000 km Corrosion Perforation Warranty. As a Nissan owner, you’ll also receive a 3 year Roadside Assistance program available to you 24 hours a day, 7 days a week, and in any emergency.

See Warranty Information booklet for complete details.

Added Security Plan (ASP)

For ultimate peace of mind, consider the Nissan Added Security Plan. It’s our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Nissan’s philosophy toward the environment, “Seeking a symbiosis of people, vehicles and nature,” describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically.

See your Nissan dealer for details, or go to accessories.nissan.ca
